Subject: Citizen Complaint ref: SRSO18CAD114496

On 10/30/2018 I had a message to contact Chelsey McDonigoe (850)218-2970 regarding an incident that occurred on 10/27/2018 at the Creepy Hollow Sig 15 located at 2251 Wade Rd.

I made contact with McDonigoe on 10/30/2018 via telephone and she stated the following. On the night of the incident she, her husband and nine year old son were standing in line waiting for the event to start. In front of them was a group of individuals one of which was a female. While waiting in line the several of the individuals in front of them circled around the female while she urinated in the line in front of everyone who was there.

McDonigoe stated that her husband said something about what happened and the female's husband and her husband began exchanging words. She stated during this time the man sucker punched her husband and they both went to the ground fighting. Deputy Terhune arrived on scene and spoke to everyone involved and when asked about the female urinating he stated something along the lines of; that's not a big deal and he wasn't worried about that. McDonigoe stated that the male was handcuffed and taken away along with the female and she was told he was being arrested for assault. She further stated she requested a copy of any paperwork and was given a card with a number. This appears to be the CAD number.

Deputy Terhune is currently in Panama City with the Disaster Response Team; however I was able to briefly speak with him on the phone. He told me that he did remember the incident and received conflicting stories from all involved and witnesses. It appears that he did not separate everyone that was interviewed nor did he take written statements from those interviewed. Deputy Terhune said that he may have told McDonigoe that the individual was being arrested, however no arrest were made. I was unable to locate any case numbers or trespass warnings issued regarding this offense.

I have attempted to contact Chelsey McDonigoe regarding more specific information of what occurred, but her voicemail is full. Sgt Reaves also attempted to make contact with her since I am currently on Midnights; however he has been unsuccessful also.

Deputy Terhune should be back in town from his detachment with the DRT, however I will be out of town beginning 11/2/2018 and unable to follow up further on this complaint. Based on Deputy Terhune's response and actions regarding this incident I recommend it be looked into further.
